

Sustainability in Banking

Training program SAM

Title / Topic	Sustainability in Banking
Target audience	Asset managers
Learning content	In this module you will become familiar with the concept of sustainability and its meaning in the investment and lending business. In particular, you will get to know criteria that can be used to assess the three sustainability dimensions of environment, social affairs and corporate governance with regard to an investment or a loan. At the same time, you will learn more about possible strategies for investing financial resources sustainably. You will also receive an overview of sustainability ratings. Finally, you will be shown the features of sustainable banking.
Learning location / Testing location	Fintelligence Online Lernplattform: https://vpbank-eam.fintelligence-net.com/
